### Palm 700w Road Show

Palm is taking the Treo 700w on the road to demonstrate its capabilities.  
Overview of seminar

See a demonstration of how Palm has brought the elegance of the Palm experience to the Windows Mobile platform so businesses can continue to enable staff productivity while away from their desks.

Keep professionals connected, productive and organized with the Palm Treo 700w smartphone. This all-in-one smartphone combines voice and email communications, broadband wireless connectivity, and the power of Windows Mobile - in a single, integrated device that can do it all. Improve the productivity and responsiveness of an on-the-go workforce with the ability to view and edit Microsoft® Office Word and Excel® documents, rehearse Power Point® slides, wirelessly synchronize email, and more. The Treo 700w smartphone delivers the perfect balance of robust productivity and world-class ease of use.

The seminars are taking place:

- February 7: Mountain View, CA
- February 21: Chicago, IL
- February 23: Minneapolis, MN
- March 15: Atlanta, GA
- March 16: New York, NY
