A new version of Minimo CE, the mobile Mozilla browser for Windows Mobile devices, has been released and features many improvements.

### Minimo Mozilla Browser Release

February 19, 2006

A new version of Minimo CE, the mobile Mozilla browser for Windows Mobile devices, has been released and features many improvements.

Version 013 features better Windows Mobile 5 support along with other features:

- New UI
- HomeBase sidebar
- Initial download support landed
- Better Windows Mobile SP 5.0 support
- Lots of bug fixes

You can download and find more information at [Doug T's Ramblings](#).
